### DEMI MOORE

Is hooking up with a younger man the secret to staying young? For Moore, 43, who tied the knot with Ashton Kutcher, 27, in September, it sure hasn't hurt! "Her skin is flawless," says makeup artist Jerrod Blandino. "Her brows are arched high for a youthful look and she

never overdoes the makeup," he says. NYC plastic surgeon **Dr. George Lefkovits** suspects she's had Botox injections to keep the lines on her face at bay. As for her body, Dr. Jackowski says she looks like she does a full-body regimen with lots of weight work to stay toned.
